

The Solar Eclipse in Aquarius

The New Moon/Solar Eclipse is on February 6, 2008 at 17 ° ≈ 44' EST. Where the Aquarius Solar Eclipse and New Moon falls is the area of your chart being infused with new energy. This glyph - ≈ - is the astrological symbol for Aquarius. Viewing an outer transit chart at the time of the Eclipse along with your birth chart makes it easy to see the amount of high voltage energy currents available at this time. Sometimes the Eclipse degree point lands on the cusp line in a chart. The cusp line is the dividing line between two houses. If your Eclipse point lands on the cusp line, it will be useful to read the information for both houses.

During the New Moon time it is a recommended helpful habit to write down intentions. Your thoughtful intentions seed what you would like to set into action in your own life. This New Moon in Aquarius is also a Solar Eclipse which means the energy often is felt to be in effect over the next 6 months. I offer the following Spirit-fueled thoughts and ideas for intentions incorporating a few of the concepts that are the tag lines for Aquarian energy – urges for freedom, innovative thinking, unique, unusual, objective, detached, a true humanitarian concern for all, tolerance of everyone, 'knowing' that comes from a higher perspective. The key phrase for Aquarius is **I KNOW**.

These pages include the highlighted themes and/or areas that the Houses represent. Read the house (s) information where you find the Solar Eclipse in Aquarius.

1st House ~ *Your personality and appearance, the health and vitality of your physical body, how others see you, your sense of identity, the breath of incarnation – fears and potential.*

Intention to KNOW - A FRESH IDENTITY

Aquarian energy bridges the old, traditional approaches and ways of behaving with new innovative perspectives of looking at the world. If the Saturnian energy has influenced you in the past to be fearful, holding yourself back from expressing yourself fully or being too polite and wanting to please others, use Uranian strength to break free from these self-limiting behavior patterns. Or if the Uranian influence has been strongly present and you haven't experienced enough of the grounding Saturn energy now would be a good time to recognize there is no longer a call to heed being different just to be different. Be open to change how you see yourself. Give yourself a free reign to explore whatever feels right for you. Commit to seeing and offering your unique gifts to the world. Think less of how you are different and separate from others. Find what binds you to others. Explore the common ground you enjoy with others.

Each sign has rulership over various parts of the body with Aquarius ruling over the body's circulatory system. Physical movement and/or energetic clearing helps energy from becoming stagnant or sluggish. Make sure physical exercise is part of your day-to-day routine to keep your system's energy moving.

2nd House ~ *Your finances, sense of your self-esteem, your value system, possessions, your talents to make money, resources and body intelligence.*

Intention to KNOW the - POWER SURGES IN YOUR BODY

Make sure you physically ground well during the Eclipse period. The impact of the electrical high voltage of Aquarian energy needs to have an outlet. This also applies to anyone who has the Solar Eclipse in the 6th house. How do you know your Divine Expression through your body? Explore the sacred connection with your body and the Earth.

Circulate your money. Keep the higher way of thinking around money – you are never in short supply...all your needs are met. Money flows in and money flows out. A client I have writes on her checks above the signature line “All my expenditures are my investment in life.” Where are you investing in life? Where does your money go? Does it reflect the values you hold?

3rd House ~ *Your siblings, short trips, early environment of school and the neighborhood, early school teachers, communication, how you think, speak and write, logic, manual skills, vehicles.*

Intention to KNOW how to - BREAK FREE FROM IMPRISONED THOUGHTS

Higher ways of thinking are often received from meditations, spiritual literature and by communicating with people who inspire you. Freedom in thought comes from knowing at any given moment you have the power to shift your thinking. How can you elevate your thoughts, words and actions into higher consciousness? Mike Robbins in a new book suggests going on a “complaint fast.” Can you go 1 or 2 days without complaining about anything or anyone? Express gratitude and appreciation daily to keep your thinking in a positive light.

Aquarian energy has the ability to be more detached and objective by taking things less personally. Are you balanced in your approach with people? Are you able to be compassionate and yet not take on their problems or woes?

Look at your mode of transportation, your choice of automobile. Be aware while making short trips around your neighborhood that you use your time and your gas wisely and efficiently. How can you make a difference - cut down on greenhouse emissions and be inspired to find thoughtful, earth-friendly ways to live to help all of us on the planet. Are you able to walk more? Combine errands?

With transiting Chiron near the Solar Eclipse, if you have siblings that you have been out of contact with, now would be a time to reconnect and make amends (if necessary). Again look for your similarities not your differences.

4th House ~ *Your home and home life, the home you create, represents a parent, real estate, ending years of your life, early environment in the home, your personal foundation and sense of security, lineage or ancestry.*

Intention to KNOW how to - ESTABLISH ROOTS

Awaken to the early beginnings of your existence. Connect to your ancestors whether it be familial or those in a spiritual lineage. Have you ever traced your genealogy? What spiritual lineage appeals to you? i.e. Jesus, Krishna, Buddha... Find out more information about your ancestors. Read inspired readings of the Masters. Align with their energy.

What can you do to be free from any constraints in your home?
Do you need to sell your house and start fresh somewhere else?
Free yourself from clutter or an environment that doesn't reflect you now.

5th House ~ *Your love affairs and passions, romance, how you feel about sex, your children, sports, gambling, creative self-expression of who you are, your heart and willful expression, your willingness to take risks in your heart's pursuit, pleasure activities and fun.*

Intention to KNOW the - WILLFUL KNOWING OF YOUR HEART

Be intentional to live from your heart. With the transit of Chiron attached to the Solar Eclipse release old wounds especially wounds related to love affairs, romance idealism, & from children that hold you back from being fully open-hearted in life.

The Eclipse energy promotes more creative expression from you!
How can you innovatively find new ways to have fun and experience playfulness?
What will you risk, take a chance on and gamble on with child-like gleeful trusting confidence?

If you have children watch for unusual behavior. The younger generations carry different energy from which we can all learn. What are you being taught by your children?

6th House ~ *Your work, your health, daily regimens, routines for diet and exercise, loving service for others, co-workers, employees, habits, wardrobe, pets, health-care providers, professional service people – those you consult re: diet, exercise; co-workers, pets*

Intention to KNOW how to - GUARD SAFELY YOUR HEALTH

To whom do you place your trust regarding your health and well-being? Be discriminating about who works on you and the advice you follow. Run any suggestions received from others through your own filter. Does the advice or suggestion seem truthful to **you** or resonate within you? How does your body react to the information?

Aquarius rules the nervous system. Make sure you keep up with healthy habits especially in relaxing and/or discharging excess energy. Physical exercise helps to discharge energy as well as energy work.

Aquarian energy is about the group and specifically in this area of your chart the people you work with. You can re-dedicate your efforts with your colleagues to being a team. Setting this intention you might be able to observe the work environment becoming more harmonious. If you work by yourself, set the

intention for working on behalf of others from the universal point of view. We come to serve others. How do you serve others?

The highly charged Aquarian energy does affect pets. You may notice before the Eclipse takes place, the build up of energy and your pets acting strangely.

For your own health check out new approaches different from the way you have handled sickness in the past. Think outside the box for unique ideas promoting well-being.

7th House ~ *All relationships especially marital, business and political partnerships, interactions with the public, perceived public enemies, legal affairs, unions and contracts, and how to maintain your balance while in relationship.*

Intention to KNOW the – NEW PARADIGM OF RELATIONSHIPS

Set the new frontier model for being consciously aware in partnerships. This will help all of us in establishing equal partnerships. Do not settle for less than what you want. Be truthfully kind with others. Relationships take time, energy and attention. How well are you paying attention to your intimate partner or spouse? Be the real you without getting lost in your partner.

Do you wish to bring into your life an intimate committed relationship? Set your intentions for your hearts' desire.

How do you stay true to your need to be free to be yourself in relationship with others? How do you maintain yourself in balanced ways in intimacy?

8th House ~ *Transformational place for self-mastery with the ability to regenerate, psychic levels, partner's assets and how you feel about this resource, money given to you not through your own means of generating income, support received from other people, wills, financial advisors, taxes, debt, inheritances, insurance, secrets, sex, death, surgery, sleep, metaphysical realm.*

Intention to KNOW - GRATITUDE EXPRESSES FULLY

This is the area in a chart in which we receive support from spouse and others. How well do we receive money from others? How do we allow for all possibilities to exist as to how we are supported.

Life is mysterious. Do you wish to learn more metaphysically? Do you wish to read more about mediumship work or what others believe happens after we die? Study yourself by understanding your own intuitive perceptions and how you perceive in your body.

9th House ~ *Religious and philosophical beliefs, laws – earth-made as well as universal, spiritual laws, distant travel, in-laws, super-conscious realms experienced through dreams or visions, educational plans, profound mental study, publishing, grand-children, intuition, teachers, higher courts and divorce, and foreign cultures.*

Intention to KNOW how to - SEEK INNER KNOWING

Dream actively for healing. I have a client who sees a chiropractor who tells her to dream at night to heal her liver and kidneys. Healing yourself in your dream-time is not a new concept. Live out the fears, angers, etc. in the dream so it doesn't need to be expressed in the daytime hours.

How do we learn what is happening in the world when the media is often provoking fears and insecurities? Where do we go for our information? Find new sources that support more open, less biased reporting. Question your beliefs, your philosophies. Why do you believe what you do? We need to know our beliefs and values to be educated voters for our next Presidential election. Who will be a wise President for us in the U.S. as well being able to recognize our responsibilities as a leader in the global village. Become educated about the Presidential candidates.

Travel outside the boundaries of your city, your state and your country. If you do decide to go on an outer quest rather than an inner vision quest, where would you like to go? What electrifies you when you think about traveling to foreign places?

A new course of study could be pursuing Aquarian strengths. Learn more about the newer technologies available in our world now, take computer classes, study universal principles i.e. The Law of Attraction or cultures that interest you.

If you write consider being published perhaps on the Internet.
If you teach consider spreading your teachings on the Internet.

10th House ~ *Your profession or career, social standing in the community, indicates your ambition, status and reputation, business and social activities, government, authority, parent, employer, the influence you exert, your own sense of honor and integrity, and your responsibilities.*

Intention to KNOW how to - KEEP YOUR HONOR INTACT

Honor your sense of what you need to do especially in the professional arena. There might be a conflict of your sense of right and wrong with what your business or boss does. How do you stay focused and clear within yourself in your integrity?

New duties may arise and again honor what seems truthful for you not what you are necessarily told to do by others.

11th House ~ *Your goals and objectives, hopes and wishes, friends, acquaintances, social groups and alliances related to your career, circumstances in which you have no control over, step-children, foster children and adopted children, business income, and humanitarian causes.*

Intention to KNOW how to - BE A COMMUNITY WATER-BEARER

Renew yourself with the image of water. Energetically see the Water Bearer pouring cleansing water over your crown. Wash yourself clean of any negativity. Energetically splash water around the stores you frequent, at the gas station...

Aquarius is a community-oriented energy – serve the community, make new alliances, set new goals for yourself, make new friends of like minded people or those with a common purpose.... Unite now with others!

12th House themes ~ *This house is the behind-the-scenes area - spiritual initiations, mysticism, and a finishing up place before another cycle begins, sorrows, hidden strengths and fears, the subconscious mind, karmic hangovers from the past, places of confinement i.e. jails, institutions, hospitals, your own place of self-undoing through feelings of limitation or lack, spiritual debts to be paid, research, clandestine affairs, secret enemies, and doctors.*

Intention to KNOW how to - ELECTRIFY YOUR VISION

This is a new period, one chapter closes and another begins. Keep positive with what you believe. This is a time for your own inner awakening. Begin this initiation period by stating an intention for **deeper knowing**.

Use the arts to help soothe and relax yourself. Music, theatre, cinema can have this effect.

Working behind the scenes you can pray for the world. Pray on behalf of the Earth and all of us. Use the globe and hold healing intentions to various troubled areas of the world. Pray for our water, for our forests, and our mountains, all animal and water life, for the collective mind-set that will work diligently to help our planet...the list goes on and on. This can be a full-time job! If you are doing this work already, on behalf of all of us, we thank you.
